The main goal of the project Quality and Leadership for Romanian Higher Education is to develop a Strategic Vision at the time horizon 2025, and a Strategy for the Romanian Higher Education Sector.

Objectives

- To collaboratively develop a Strategic Vision at the time horizon 2025, and a set of recommendations for decision-makers;
- To enhance the prospective analysis capacities of Romanian Higher Education key actors;
- To develop foresight platform using web 2.0 technologies;
- To elaborating a methodological frame for the differentiation of Romanian universities.
